

## How will I find my way around the school? STAGE 3

# Frequently Asked Questions

A map of the school has been sent to you in the post\* and we will use this now to help you see where the main areas, faculties and rooms are in the school. Sometimes you may be taught in a room that is not directly in the faculty area but do not worry about this. Hopefully the next tasks will help you find where all the rooms are.

\*Information was posted on the 9th June. Please allow extra time for it to arrive in the current circumstances.

You have four periods a day and these will usually be taught in different rooms.

The basic map of the school to the right shows where faculties are so that you can become familiar with the school's layout. This will help in planning your day so that you are in the right place for every lesson.

We have also labelled the main areas in the school so that when you look at the map we have sent you, you can find where these are as a starting point.

By looking at the faculty colours, can you already start to identify where they are in the school?

## How did you get on?

## Rooms.

This is probably going to be one of the major differences when you come to Shoeburyness High School. In your primary school, you will be used to being taught in one or two rooms but you can see how many different rooms we have.

Again, do not worry. When you first arrive, as long as you find yourself in the faculty area, the rooms are very close to each other and you will find your way.

Also remember that there is a break and lunch between lessons. This will give you time to move around the school but also there will be plenty of teachers and senior prefects on duty who can help you find your way.

Using the map we have sent you, start to colour in the different rooms. This will definitely help you finding your way around the school.

We also have these maps on display around the school, so by completing this task you already have a head start.

### **Toilets**

It is also worth noting where the toilets are. As toilets are available during break and lunch, we have separated them into different key stages.

**Lower school toilets** are used by **Key Stage 3 students** (year 7, 8 and 9) and are **by the Wendy Owen Hall**. Look on your map and find WOH and you will see the toilets opposite.

Upper school toilets are used by Key Stage 4 students (year 10 and 11) and are between T5 and the LSA office.

Sixth Form toilets are used by Key Stage 5 students (year 12 and 13) and are on the first floor between H20 and F15.

# Shoeburyness High School

Can you now use the timetable to find the rooms?

Using the timetables you have previously looked at in ‘finding your way around the school’ and ‘how your day is structured’, try to find the rooms in which you would be taught.

Can you find any lessons that are not taught in their own faculty area?

Look at Week B, Tuesday Period 2. When you get your timetable, always check the rooms and it is worth writing on your timetable if it is in another faculty area. So whilst this lesson is a Design and Technology lesson, which faculty area is it being taught in?
