# A Level in D&T: 3D Design

## Subject Information

- The exam board is AQA
- The course is assessed through one practical examination at the end of Year 13 (Component 2) and an independent Personal Investigation project (Component 1).
- Component 1 is a self-directed study on a theme which encourages independence and development, documenting a journey. You must therefore use your independent time to develop any areas, for example communication skills, creative designing, historical precedents and critical thinking.
- Component 2 is a practical exam (15hrs) normally sat at the end of May. The brief for the exam is released on the 1<sup>st</sup> Feb in year 13 and students have the time between then and the exam to prepare.
- Career for this course will open up many options in the design industry from Architecture to Furniture Design.
